

# MDC

Engineered Process Solutions

## Specializing in:

- Gas Delivery Systems
- Sub-Assemblies and Integration
- UHP Weldments
- DOT Certified Cylinders

- Expertise in Gas Delivery Systems
- ISO 9001:2000/AS 9100 Certified
- Semi-S2 Compliant
- Key Supplier to Major OEMs
- High Volume Production Capacity, with Prototype quick-turn capability

- Engineering Support Services:
  - Solidworks, Inventor & AutoCAD design software packages
  - On-site support

San Jose, CA  
625 Wool Creek Dr.  
San Jose, CA 95112

## Products

Ultra-High Purity Weldments

Gas Panels

Gas Boxes

Bubblers & Ampoules

Analytical Systems

Exhaust Manifolds

## Manufacturing Capabilities

### UHP Orbital Welding

- Class 100 Clean Room
- Hot DI H<sub>2</sub>O Cleaning
- Hot, Filtered N<sub>2</sub> Gas Drying
- Ultra Sonic Cleaning

### Hand Welding

- Experienced, Certified TIG & MIG Welders
- 1/8" to 18" O.D.

Assembly & Systems Integration

Hydraulically Pulled Ports

CNC & Manual Tube Bending
